## Annual Report 2018 - 2019

It has been another successful year thanks to all our volunteers, sponsors, partners and trustees. This year we delivered mental health first aid training to communities in Bedfordshire. We also delivered two informative mental health conferences which looked at reducing stigma and discrimination. This was followed by our Mental Health Community Cup with our partner Community Needs. The work continues to grow and we encourage people from all backgrounds to continue challenging stigma and discrimination of mental health that exists in our society.
